

MERIDIUS MEDICAL PRODUCT RANGES

ACUPUNCTURE NEEDLES

Identification

Colour-coded plastic handles for easy gauge identification

High Quality

Fusion-bonded guide tube and plastic handles made from premium materials

Patient Comfort

Rounded tube end enables comfortable tapping on needle insertion

Hygiene

Proprietary cleaning process and Ethylene Oxide gas sterilisation

MOXIBUSTION SUPPLIES

Real Moxa

Made from 100% real mugwort, also known as "artemesia vulgaris" or "ssuk" in Korean

Non-invasive

Can help reduce pain and help improve blood and lymphatic circulation

Smokeless & Natural

Comes in smokeless or natural versions for use in modern or traditional clinics

Safe

Some moxas come with plasters which are used to prevent potential injuries

SPORTS TAPES

Skin Friendly

Adapta tape uses hypoallergenic adhesive reducing the risk of skin problems

Weather Performance

Excellent breathability allowing sweat and heat to dissipate quickly

Elasticity

Features 140% elasticity providing support with no motion restrictions

Effects

Can help reduce muscle pain, improve circulation and regeneration

CUPPING THERAPY

Sterilisation

Cups and silicone valves are easy to detach and can be easily sterilised

High Durability

Neither cups nor silicone valves break when dropped on hard surfaces

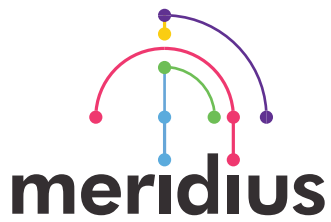

Versatility

Our cups accommodate body contours for complete skin contact

Silicone Sealing Valves

Flexible, yet secure, air sealing valves allow cups to maintain total suction
